

About Delton Company

Delton Company was established in 2019 as an Egyptian joint-stock company, aiming to provide integrated facility management services to all institutions and companies operating in the Arab Republic of Egypt. Understanding our clients' profound needs in this field, we are honored to offer a comprehensive suite of services that ensure a supportive work environment, preserve your investment objectives, and contribute to the success of your organizations.

Delton's Integrated Services

Delton Company provides a comprehensive range of specialized facility management services, including:

- **Integrated Cleaning Services:**
 - Internal cleaning and exterior facade cleaning, executed by specialized teams and supervisors to ensure the highest quality standards.
 - Cleaning of Automatic Teller Machines (ATMs), whether inside or outside bank branches, performed by dedicated workers, supervisors, and specialized materials to ensure optimal efficiency.
- **Comprehensive Maintenance Services:**
 - Maintenance of air conditioning systems, electrical installations, and plumbing, with the option to provide on-site technicians or on-demand service.
- **Landscaping and Green Area Care:**
 - Establishment, design, and maintenance of green spaces, carried out by a specialized agricultural team to oversee all green areas inside and outside the institution's premises.
- **Logistics and Supply Services:**
 - Provision of necessary supplies for organizational operations, such as office furniture, cleaning materials and tools, and pantry supplies and materials.
- **Kitchen and Cafeteria Management:**
 - Integrated management of kitchens and cafeterias within institutions, providing kitchen staff and complete provisions according to operational requirements.
- **Contracting and Renovation Works:**
 - Execution of comprehensive contracting works and renovations for administrative buildings and branches.
- **Staffing and Outsourcing:**
 - Recruitment and supply of specialized workforce for major companies (OUTSOURCE).
